The SON
helps kids grow...

- * **Spiritually** - We offer an age-appropriate curriculum in which Christian beliefs and values will be shared.
- * **Emotionally** - We offer a safe, nurturing environment where the individual child will be valued.
- * **Physically** - We offer a variety of large and small muscle activities to build strength and coordination.
- * **Intellectually** - We provide an environment rich with varied learning experiences which are age-appropriate and intellectually stimulating.
- * **Socially** - We provide guided interaction with peers so children can learn appropriate social skills that they will continue to use throughout their lifetime.

- so they
can shine
for Jesus!
