If you Google "[Why do we celebrate Mother's Day?](#)" this is what comes up: "Mother's Day is an occasion celebrated in various parts of the world to express respect, honor, and love towards mothers. The day is an event to honor the contribution of mothers, acknowledge the efforts of maternal bonds and the role of mothers in our society."

Being a mother holds a dear spot in my heart! I have two children that I love more than anything. To hold the title Mother is such an honor and yet, at the same time, an adventure. As a mother you want nothing but the best for your children. You want to protect them from everything, teach them everything, and most importantly show them your unconditional love. [Proverbs 31:26](#) states "She opens her mouth with wisdom, and the teaching of kindness is on her tongue." Reading this verse for the first time gave me comfort. I did not have to read it several times to understand it. After reading it once, I understood! I hope, in my role as a mother, it is with words of wisdom and kindness. In my words of wisdom and kindness I hope my children hear my words of the faith that I have in them and in God. I feel so blessed to be able to share my wisdom, kindness, and faith with my children. Blessings to each of you!
